CAREER OBJECTIVE

Aspiring Java and Web Developer with hands-on experience in Java, Servlets, JSP, JDBC, MySQL, HTML, CSS, and JavaScript, seeking an internship opportunity to apply backend and web development skills, build secure and user-friendly applications, and gain practical experience with modern technologies like Spring Boot.

EDUCATION

- **B.Tech–Computer Science & Engineering**
Sri Venkateswara College of Engineering, Kadapa(JNTUA) 2023–2027 | CGPA: 8.0 (75%)
 - **Intermediate – MPC**
Government Junior College for Girls, Kadapa 2021–2023 | 69.6%
 - **SSC**
Shobha English Medium High School, Kadapa 2020–2021 | 99.5%
-

TECHNICAL SKILLS

- **Programming Languages** Java
 - **Core Concepts:** OOPs, Collections , Exception Handling , Multithreading
 - **Frontend:** HTML, CSS , JavaScript
 - **Backend:** Servlets, JSP, JDBC
 - **Databases:** MySQL , SQL
 - **Tools & Concepts:** GitHub, Eclipse, VS Code, Apache Tomcat
-

PROJECTS

User Authentication System

- Developed a secure user authentication web application using Java Servlets, JSP, JDBC, and MySQL.
- Implemented user registration, login, OTP verification, and password reset functionalities.
- Designed a responsive user interface using HTML, CSS, and JavaScript.
- Used JDBC for database connectivity and session management for user authentication
- Technologies: Java, Servlets, JSP, JDBC, MySQL, HTML, CSS, JavaScript
- GitHub: https://github.com/yaminisiripireddy/User_Authentication_System

Todo List Application

- Developed a responsive task management application using React.js.
- Implemented CRUD operations including adding, editing, deleting, and completing tasks.
- Used React Hooks (useState, useEffect) for state management and Local Storage for data persistence.
- Built reusable React components with a clean and responsive user interface.
- GitHub: <https://github.com/yaminisiripireddy/ToDo-List-App>

Portfolio Website

- Designed and developed a responsive personal portfolio website to showcase projects, skills, and achievements.
 - Built a clean and user-friendly interface using HTML, CSS, and JavaScript.
 - Implemented responsive layouts for seamless viewing across different devices.
 - Technologies: HTML, CSS, JavaScript, Responsive Web Design
 - GitHub: <https://github.com/yaminisiripireddy/Portfolio>
-

PROFESSIONAL SKILLS

- Problem Solving & Analytical Thinking
 - Effective Communication
 - Teamwork & Collaboration
 - Adaptability & Quick Learning
-

CERTIFICATIONS

- **Java** - Infosys Springboard - May 2026
- **Database Management** - Infosys Springboard - April 2026
- **JavaScript** - Infosys Springboard - June 2025
- **CSS** - Infosys Springboard - May 2025
- **HTML5** - Infosys Springboard - May 2025
